**August 8-12 FOOTBALL & JR. FIREFIGHTER TRAINING CAMP**  
*Guys Only*

**FOOTBALL** River Of Life Bible Camp is the place to be this summer if you love football! Our 5 day training camp will help you play football better through outstanding fundamental football skills instruction, speed and agility training. Our football camp is led by Mike Karnas, formally the Maine State Director of the NFL Jr Player Development Program. Mike strives to instill in young players the basics that will lead to success both on and off the field. Along with kicking, catching, and passing, he teaches young adults about important life choices and qualities such as leadership, determination, sportsmanship, as well as gives needed spiritual guidance in today's world. It is his goal to cultivate tomorrows leaders in the arenas of sports and life. Skills and activities will include:

- Stance
- Alignment
- Basic Reads
- Reactions
- Full Contact Competitions

**JR. FIREFIGHTING** Using requisite and relevant statutes, standards and curricula, the *River of Life Bible Camp* Junior Firefighter Program combines current fire service skill and knowledge applications with dynamic features and interactive technology to better support and help prepare young firefighters for the challenges being faced in the fire service today. While focusing on firefighter training and knowledge, this new program will clearly provide an opportunity to grow spiritually in His service protecting others, the common and obvious base for the entire course. There are innumerable passages and lessons within the Holy Bible that not only support the noble calling of service to humanity, but also promote and suggest that it is good and right to do. Some key features of this program will help students take that extra step toward becoming outstanding fire fighters and leaders. They include:

- Actual hands-on firefighter skills sessions
- Visits from other service entities, such as LifeFlight of Maine and the Maine Forest Service
- Advice and encouragement from veteran firefighters and fire officers
- Fire Command Simulator Exercises
